

Planar HB Series Huddle Board

4K Touch Screen Collaboration Display

4K Touch Screen Collaboration Display

Planar[®] HB Series Huddle Board displays are large format, 4K resolution, LCD touch screens with embedded tools tailored to in-room and remote unified communication. The huddle boards enable one-stop collaboration ideal for conference rooms, study group spaces and design centers; or the executive home office.

Maximize Local Ties

The Planar HB Series' 75" and 86" size, Ultra HD resolution and 350-nit brightness guarantee everyone in the room will be able to clearly see even the most detailed on-screen content. Extremely fast and responsive 20-point Projected Capacitive touch delivers effective interactive experiences, while Planar HB Series Huddle Board display's passive and active stylus pens help ensure efficiency.

Teamwork Tools

Planar HB Series Huddle Board displays feature a built-in Android[®] module complete with pre-loaded popular collaboration applications. The digital whiteboard enables image importing for easy annotation over maps, web pages screen shots, reports and more.

For added flexibility, all Planar HB Series displays come standard with expansion slots that support Intel's Open Pluggable Specification (OPS), making them compatible with a variety of OPS devices, including a Microsoft Windows 10 PC OPS module.

- Ultra HD resolution (3840 x 2160)
- Available in 75" & 86" sizes
- 20-point Projected Capacitive Touch
- Built-in Android[®] OS with pre-loaded collaboration & UC apps
- Embedded digital whiteboard app
- Active & passive stylus pens included

Connect from Anywhere

Compatible with unified communication platforms, Planar HB Series is a perfect option for meetings that require remote collaboration. Maximize each application's individual features right from the touch screen. Simply add the webcam, audio system and microphone of your choice and sync with colleagues across the globe like they're right in the room.
